**Elyse Gauvin**  
*Graduate Assistant  
for the Office of Student Activities*

Dear Elyse,

You have been such an important part of student life here at Assumption and will be greatly missed! I can think of no other person who deserves to have this year's yearbook dedicated to them as much as you (especially considering all the work you've done on the yearbook!) Without your guidance these past 3 years (especially my freshman year) I would not be nearly as involved in campus life as I am and for that I am forever grateful! Good luck in this next step in your life. I'm sure you're going to do great things!

Cassy Waung :)

Elyse,

Thank you for forming me into the person and leader I am today. Your dedication to changing the lives of every student who have walked into your office is to be commended. It has been an absolute pleasure working with you as a Class Officer, Orientation Leader, Pup Cup Chairperson, and finally Orientation Chairperson- not to mention our many, many workouts, runs and T-25 sessions. I will not only miss your high energy and desire to help others succeed, but also your sense of humor, something I will always remember.. although sometimes when you blow party whistles in people's ears at midnight after a long day of training, that may result in chairs being flung across the room, causing near death experiences... Anyways, I will miss you and cannot wait to see all of the future successes you accomplish.

Thank you again for everything.  
Patrick "Patty G" Giroux

Elyse,

I'm not sure that I would have made it out the way that I did without you these past four years. Thank you for providing me with endless opportunities, for always believing in me, and for keeping me motivated. You have been such an incredible advisor, role model, and friend, and I cannot thank you enough for all that you have done for not only me, but for all of the students who have had the privilege of working with you. The only thing that is making this 'goodbye' a little easier is that we are leaving together. I am so proud of everything that you have done and wish you the best of luck. Thank you for always making my day; whether it was chatting in your office, with a snapchat or a hug- I'm going to miss you more than you know. I know that you will be amazing at whatever you decided to do and will continue to make those around you laugh and smile. I know that you will be amazing at whatever you decided to do and will continue to make those around you laugh and smile.

Love always,  
Nicole Breen

## Here's to you...

Love,  
Carolina (Nug)

Dear Elyse,

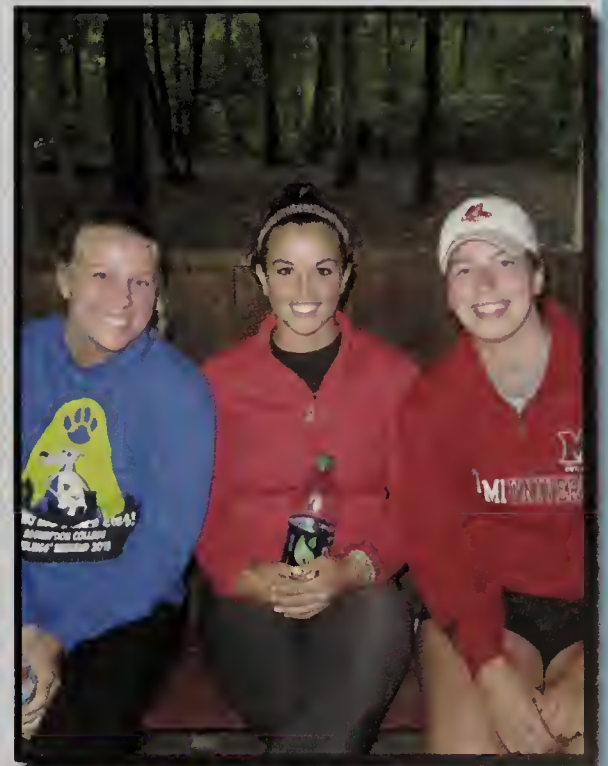

I want to thank you for all that you have done for me over my three years at Assumption. Your love and passion for your students, and amazing work ethic in what you do is so contagious and recognized by all those around you. I cannot thank you enough for being a role model and mentor in my life. You have helped shape me into the leader I am today and I will truly miss all our memories here at Assumption. You have truly shown me what I am capable of in the many opportunities you have given me here at Assumption and I am forever grateful. Thank you so much for everything and good luck with all that you do!

Love, B

Elyse is a one-of-a-kind adviser and I am thankful to have had the chance to work for her for four years. Elyse came into her position the same year the graduating seniors did. As Freshman Class Officers, she opened her office door for us, took us under her wing, and opened her heart to us. If you did not know her, you would have thought she worked at Assumption for years. With the support and guidance Elyse gave me as a first year, I was set up to be a successful student leader here. Her passion and dedication to the Office of Student Activities and all the commitments it entailed, is absolutely contagious. Elyse helped me grow from a nervous and timid Freshman Class Treasurer into a confident, vocal Senior Class President. I would not be the student leader I am today without Elyse, and I owe so much of my success to her. Elyse has taken on a role in my life far more than my adviser; she is my mentor, my confidant, and someone I look up to. Elyse, you have left your mark at Assumption College and in the lives of all of the students who have gotten the privilege to work with you in your four years here. The Office of Student Activities will not be the same without you, and whoever moves into your bright green office has big shoes to fill. I cannot thank you enough for playing such a large role in my time at Assumption.

Courtney Woods

Elyse,

From the second I was elected freshman year you have been more than an advisor. I think I speak for all of the class officers when I say that you have made all of us feel welcomed from the first time we walked into your office as scared little freshmen, to the last time we will walk out of your office as confident rising juniors. Thank you for being the best advisor we could ever ask for, for being our on campus mom, and most importantly for being our friend. You will be truly missed! Best of luck with life beyond Assumption.

# A LETTER FROM THE CLASS PRESIDENT

Dear Class of 2015,

It feels like yesterday we were pulling onto campus moving into our freshman dorms scared of what the next years would hold. Four years later, we're pulling off campus for the last time, scared to leave behind the place we have grown to love.

As a class we've been through a lot together. We moved in during a hurricane and survived many disasters since then including snowtober, another hurricane, a water main break, and we lived in the snowiest city in the country Senior year. We were even evacuated for a bomb threat, but through all of these fiascos we've grown as a family of Greyhounds who can survive anything together.

We've grown a lot over the last four years, we've gone through one of our largest milestones to date, turning 21. We've studied abroad, had internships, won some intramurals, and now we're ready to take on the real world and start working.

We owe a lot to Assumption College. We are not the same kids moving out on May 16, 2015 who moved in on August 26, 2011. Assumption helped us grow into the mature individuals we are today, even if we didn't always act maturely at Leits or in the Valley on the weekends, but every experience we have had has shaped us into who we are today. I said it before, and I'll say it again, as much as our time in the classroom prepares us for our futures, we won't tell our kids about that accounting class. We'll tell them about the crazy nights we had with our best friends by our side that we only remember because someone happened to catch it on Snapchat.

Go out in the world and be the best you can be and never forget the road that will lead you back home.

It's time for the Hounds of 2015 to be released from the pound, but once a Greyhound, always a Greyhound.

Thanks for the memories,

Courtney Woods

And yes, I still have the goods!

Assumption College Class of 2015,

Today you have reached a major milestone and are finally ready to embark on the new phase of your life. It's finally here! You have reached the long awaited moment and graduated from Assumption College. We congratulate you on your success.

The four years you have spent here have been elemental in allowing you to build your personality and the beginnings of your future. We like to think that these are not the best four years of your life – but that the best is yet to come! There is still a whole undiscovered world beyond our campus that you need to explore. What was once nothing more than the distant future is finally here and it's time for you to travel out into the world.

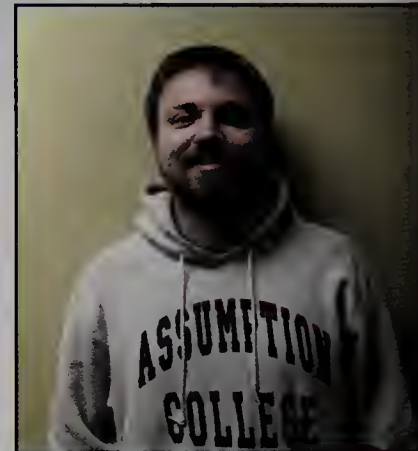

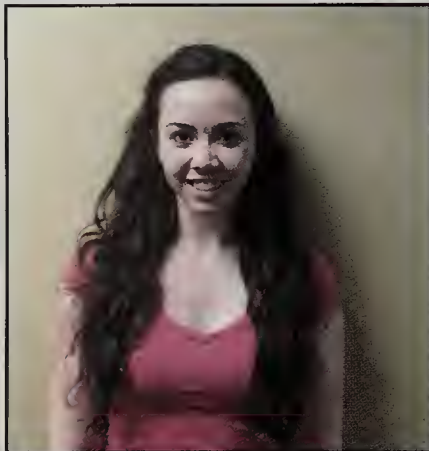

Regardless of where you are in life, we hope that looking back through this yearbook will remind you of your starting point and give you the opportunity to reflect on how far you have come.

We have no doubt in your abilities to achieve your goals. And so, on graduation, we set you free to become the architect of your own future and build whatever you desire.

We wish you the best of luck!

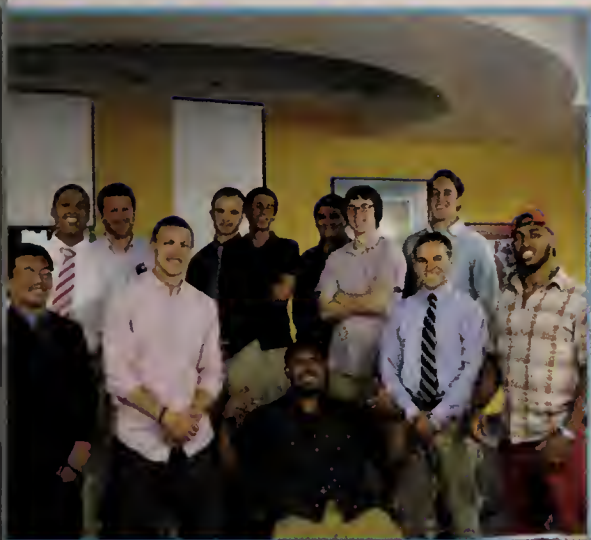

Congratulations, Class of 2015 !

# A LETTER FROM THE PRESIDENT

Dear Graduates:

The last four years have prepared you for this important moment in your life. Whether you are continuing to pursue a graduate or professional degree or beginning a career, you leave Assumption College a different person than when you first arrived on this campus.

We are confident that you have gained mastery in a field of study during your years at Assumption. But, this mastery could have been gained at any institution of higher education. Your education at Assumption College has been different because it is an education that affirms a set of values grounded in the Catholic intellectual tradition and enriched by the charism of the Augustinians of the Assumption. The motto of our College, as you know, is "...until Christ be formed in you." Hopefully, these have not been empty words in the course of the last four years, but rather the inspiring vision that has given meaning to your Assumption experience by making Christ present and known to you in those you have encountered here and in the many facets of life that have shaped you up to this moment. The realization of our motto is possible because you have been engaged in a process of learning that is sacred. For in the act of learning mathematics, history, literature, science, business, education, indeed any of the disciplines represented in this College, something about the way God works within knowledge touches the soul and enlivens humanity. And in the act of acquiring and communicating this knowledge God reveals. The act of God revealing Himself is transformative, not only for you as individuals but for the world in which you will live out your personal and professional life.

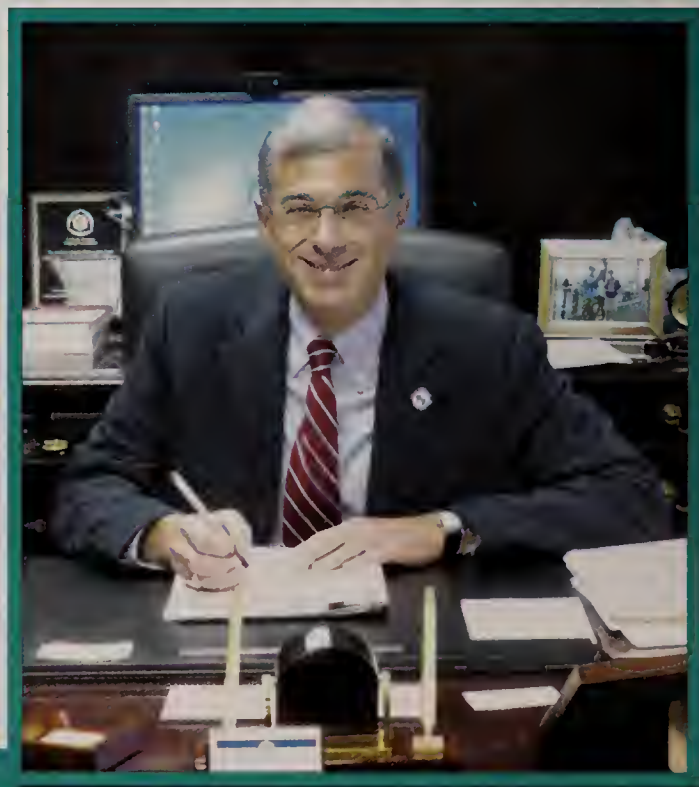

As graduates of Assumption College you need to bring God into this broken world because the world does not know God and indeed the world does not want to know God. As you go forward from this place it is my deepest hope that Assumption College has not only been a place where you have learned and developed to live successfully in society. But as a Catholic and Assumptionist institution, I hope it has also been a place where values and beliefs have become an integral part of who you are.

Describing one of the aims of education, Fr. Emmanuel d'Alzon wrote, "We will find ourselves urging our young people towards God, delivering them from what is false, raising them to the level of truth, transforming them into vessels of truth, convincing them that nothing but truth is real or good." You are those vessels of truth. The world is in desperate need of individuals like you who are willing to embrace the truth, even when doing so may require you to stand in opposition to the secularism and moral relativism that dominate our world today. Do not be afraid to be people of conviction and belief. Do not be afraid to speak genuine truth and to live your lives in a way that is consistent with the values you have gained at Assumption College. Above all, faithfully live out the vocation to which you have been called by God and which you have discovered during your time here.

I congratulate you on all that you have accomplished and I challenge you to take what you have learned to lead a life beyond the self by contributing your time and talent in service to the community so as to create a better world for future generations. Congratulations and God bless you.
